

Designer Doors, Inc. Traditional Panel Two Year Limited Warranty

Designer Doors, Inc. warrants the sections of overhead garage doors it manufactures against rot-through due to normal weather damage for two (2) years provided the door is handled and finished according to Designer Doors, Inc.'s "Care, Handling and Finishing Guide." Expiration of the warranty is two (2) years from the date of shipment from factory. This warranty is not applicable to overhead garage doors installed in commercial, industrial or any other non-residential setting and does not apply to the actual installation of any overhead garage door.

If, within the terms of the warranty, any of the garage door sections are determined to be defective, as verified upon inspection by persons authorized by Designer Doors, Inc., we will replace or otherwise restore (at our option) any such defective garage door section(s). We will pay for required labor and materials costs associated with any repair work described above, however any shipping or labor costs associated with the removal, delivery, finishing and reinstallation of any repaired sections and the installation of replacement sections will be your responsibility. Repairs to door(s) do not extend the warranty.

The sole remedy available pursuant to this limited warranty shall be the repair, replacement or restoration of the defective section or sections of the overhead garage door. To the fullest extent permitted under the law, Designer Doors, Inc. expressly excludes any liability for direct, indirect, special, punitive, incidental or consequential damages, whether arising under theory of contract, tort (including negligence), and strict liability or otherwise.

Our warranty shall not extend to or cover rotting-through resulting from damage to the garage door section caused by fire, other accident or casualty, vandalism, radiation, harmful fumes, or foreign substances in the atmosphere; or occurring as a result of any physical damage or the failure to properly finish the garage door, or failure to provide reasonable, necessary and proper maintenance. This warranty shall not extend to or cover any damages or claims with respect to any products that in any way or degree have been altered, processed, misused or improperly handled or installed. This warranty does not cover normal wood behaviors due to contraction and expansion of wood, such as checking, cracking, lifting wood grain, and leaking sap pockets. These minor occurrences do not harm the stability or durability of the door, and are natural reactions of wood to changes in humidity levels.

Designer Doors, Inc. warrants standard hardware, excluding automatic operators, supplied with doors for a one-year period, providing the door is properly installed according to manufacturer's recommendations. All automatic operators are covered under their original manufacturers' warranty. For purposes of this limited warranty, "standard hardware" shall mean all hardware supplied, furnished or otherwise expressly authorized by Designer Doors, Inc. with respect to any Designer Doors, Inc. overhead garage door.

In the event a Designer Doors, Inc. overhead garage door does not conform to any provision of this limited warranty, please send to Designer Doors, Inc.'s Corporate Headquarters written notice setting forth your name, address, telephone number, the date of delivery of the garage door, and a description of the defective section or condition of the garage door to: Designer Doors, Inc., Attention: Warranty Manager, at 702 Troy Street, River Falls, Wisconsin 54022 (or the Company's most current address). Designer Doors, Inc. shall respond to any such notice in writing or by telephone within a commercially reasonable period of time, not to exceed forty-five (45) days.
